Media-News: CannaTrade 2021 postponed to May 2022 | February 1st, 2021

On the one hand we are happy to have a fully booked (!) CannaTrade 2021 and are also looking forward to our 20th jubilee, but on the other hand there is this great uncertainty and the question what will happen in 2021 regarding the Covid pandemic, events and international travel regulations. The big Swiss Fairs in springtime are already canceled and the most European hemp fairs, at least those we know, have postponed their exhibitions until autumn 2021.

After talking to our sponsors, various customers world wide as well as to our most important suppliers, we decided with a heavy heart to postpone the CannaTrade as a trade and consumer show, with expected 15'000 visitors, to the next year **from 20th to 22nd of May 2022**. The situation is difficult and we do not know if it will be possible to organize again bigger events in summer or autumn this year and how will be the international travel rules. Furthermore we would like to protect the health of our exhibitors and visitors in any way.

As a kind of compensation for the postponed CannaTrade 2021 we would like to - Covid willing - organize the following events which are easier to realize than big consumer shows in the current situation, due to their limited size:

CB Club Switzerlands b2b Cannabis Meeting April, May or June 2021
Expected Visitors: 200-300
Location: French-speaking Switzerland
Info: www.cb-club.ch

New: 20 Years CT 20 years CannaTrade-Party July / August 2021
Expected Exhibitors & Visitors: Depending on the current Covid Situation
Location: Bern (Swiss)
Info: www.cannatrade.ch

New: CB Expo Cannabis Business Exhibition 11th-12th September 2021
Expected Exhibitors: 100
Expected Visitors: 1000
Location: Zurich (Swiss)
Info: www.cb-expo.ch

Detailed info please find at: www.cannatrade.ch
