**THE
HEMP
FAIR**

**Invitation for
Business Visitors**

International Hemp Fair+Festival
Zurich, Halle 622 | 12–14 May 2023
www.cannatrade.ch

Join Switzerland, join CannaTrade!

Since August 2022, it has been legally permissible **to grow and export medicinal cannabis** as well as being easier to dispense to patients. And since January 2023, the first cannabis flowers were **legally sold for recreational use** in Basel via the pilot project. Further pilot projects will follow in various cities in Switzerland and behind the political scenes, a new Cannabis Law is being devised which will comprehensively regulate cannabis use.

Secure yourself and your company a place on Switzerland's cannabis market and take part in the next CannaTrade which will take place at Halle 622 in Zurich from May 12–14, 2023.
